Index of Authors-Subjects and Titles

by Lloyd Zeager

This section of the index lists in alphabetical order authors and articles, book reviews, book reviewers, and contributors of queries and research notes. For articles the name of the author is followed by the title of the article. For queries and research notes only the author's name is given. Books reviewed appear under the author's name or, if no author is indicated, by title. One or more subject headings are given for each article, query, and research note but are not given for book reviews. Personal and corporate names appear in lower case type, and subject headings appear in all capitals. A few cross references are included to assist the user of the index.

For each entry the date of the issue and the inclusive page numbers are indicated. For example, "Ja 1983 8-12" indicates that the item is found on pages eight through twelve of the January 1983 issue. Months in dates of issue are: Ja = January; Ap = April; Ju = July; and Oc = October.

Every Name Index

by Gary T. Hawbaker

Intended primarily as an aid to genealogical research, the following index lists every name (approximately 28,000) appearing in *Pennsylvania Mennonite Heritage* articles, content footnotes, queries, photograph captions, maps, and diagrams from 1983 through 1987. All females are indexed under both their married names and their maiden names when known. Nicknames, titles, and equivalent or anglicized versions of names in the articles exist in parenthesis after the Christian name.

In a few cases book or article authors whose names occurred in footnotes were included when in the judgment of the compiler they were unusually significant for genealogical research purposes. With this exception names of book reviewers and article authors appear only in the Index of Authors-Subjects and Titles. Asterisks refer the user to a corresponding note in the Errata section for that entry.

- 9 The immigration date of 1737 for Hans/John Lehman (d. 1771) of Rapho Twp., Lancaster County, Pennsylvania, is probably incorrect for the following reasons:
1. Hans' youngest son, Abraham, would need to be born by 1744 in order to be of age (21 years old) by 1765 to obtain the patent on the land on which his father lived and for which he held a warrant.
 2. Daniel, the second youngest son of Hans, died in 1764, having been married by 1763, when he wrote his will. Assuming he was of age when he married, he would need to have been born by 1742.
 3. John, Jr., the oldest son of Hans, had his name on a land warrant in 1751. He would need to have been of age by that time, which would fix his birthdate at 1730 at the latest. There were two children (girls) older than John. Their births must have been in the 1720's.
- S. Duane Kauffman's article, "Miscellaneous Amish Mennonite Documents," Pennsylvania Mennonite Heritage (July 1979): 12-16, produces enough evidence to link the 1737 Lehman family with the Amish of Somerset County, Pennsylvania. Pennsylvania German Pioneers does list a Johannes Layman/Lehman arriving October 2, 1727, aboard Adventure Galley. This was five days after the arrival of James Goodwill, September 27, 1727, with the other Hans aboard. This may be the John with whom we are concerned.

He is the one who proofread the Martyrs Mirror, published at Ephrata.

- Bear/Lehman Bridge: The cover depicts the bridge which spans the Lititz Run where it flows into the Conestoga Creek. Both the bridge and the ground upon which the photographer stood were on property owned for about twenty years by my father, the late William Shand, a director of the Watt and Shand department store in Lancaster, Pa.
- The journal article mentions that Gunsmith Samuel Bear owned land there. At a mill near that bridge the famous Lehman rifle was made, and the Lehman's lived in a house on the hill a short distance from the bridge. I witnessed the immersion of a large number of adults who in summertime were led into the water and baptized in the Conestoga River just beyond the bridge. --Dr. Jack Jack Shand, Gettysburg College, Gettysburg, Pa.

On May 2, 1733, Johann Krebühl/Krähenbühl of Bammental applied for an exit permit to the new world of America.
 On April 23, 1744, Christian Krehe[n]bühl of Bammental (his brother?) with wife and three children also left for Pennsylvania without paying the emigration tax.
 Swiss Mennonites went to the Heidelberg area about 1660. These exiles were farmers and did not settle in the city of Heidelberg. However, some rented farm estates belonging to the city. The Baden-Pfalz volume of the Anabaptist documents contains references to Anabaptists in the general area from 1567 onward (Mennonite Encyclopedia, II: 691.

- 29 1-2 1741 Immigrant Ulrich Nafziger is not a son of the Essingen Ulrich Nafziger. The latter left his wife and children at Essingen in 1741 and emigrated to America. Although his wife Magdalena was still alive, he married Maria Catharina Bischof on Aug. 12, 1746 in New Holland, Pa., and had two children, Magdalena and Johannes, from this marriage. Perhaps he had been banned by the congregation and then decided to leave for America. During the 1700-1750 period European Amish disciplinary measures were severe. Also, it was common knowledge that "the ocean would divorce" if a marriage partner left for America and did not later send for her.
