Thieves revisit same area of Manheim Twp.

Homes and vehicles along a two-mile stretch of Manheim Township were targeted by thieves during the Memorial Day weekend.

Police said thieves also struck the same section of the township — from the Blair development near Fruitville Pike to the Bloomingdale development between Lititz and Oregon pikes — May 16 to 18.

During the Memorial Day weekend, thieves broke into two homes, tried to get into another and rummaged through about 10 vehicles.

Police estimated the loss of a home burglarized in the 2400 block of Raleigh Drive at \$10,000. Authorities said the suspects stole jewelry from the home, whose occupants were away for the weekend.

The owners of the other home that was entered also were away for the weekend, police said.

According to police, a resident of the 200 block of Primrose Avenue in the Bloomingdale development contacted them at 4:02 a.m. Monday to report he heard the sound of breaking glass in his neighborhood.

Manheim Township police Sgt. Thomas E. Rudzinski said, "Arriving officers discovered a shattered window at a

residence and determined the home had been entered."

A loss for that incident hasn't been determined.

A woman who lives in the 300 block of Butler Avenue apparently foiled an attempt by someone to enter her home.

She told police that a man tried to enter her home at 11:10 p.m. Saturday.

"The woman heard somebody at her back door. Upon investigating, she observed a man trying to get in. She screamed, and he ran off," Rudzinski said.

Police said the individual losses from the other incidents were \$500 or less.

"We've had six burglaries and numerous car looting in the past two weekends," Rudzinski said. "The cars are generally unlocked. The houses are both locked and unlocked."

Police said the incidents from the Memorial Day weekend and May 16 to 18 are "very similar."

No arrests have been made for any of the incidents.

"It's pretty much from Fruitville Pike along Delp Road to Lititz Pike and the neighborhoods at each end," Rudzinski said. "You can draw a swath right across the area."
