

T680 Club

Specification

The T680 Club is an exciting day racer, purposely designed and built as a club racing and training yacht which takes a crew of between 2 and 5. It is fast in all conditions and is marvelously controllable at all times.

The T680 comes in two options, the T680 Club, which is described here, and the T680 Sport which is a purpose racing yacht built from the same moulds with a more exotic specification. The standard package for the T680 Club is set out below.

Features

Some of the features and options include;

- Cockpit gear locker
- Spinnaker chute for easy launch and retrieval
- Roller furler jib
- Carbon fiber mast tip with retrieving carbon bow pole
- Outboard motor bracket for 3hp motor
- International One Design
- Central lifting hook for dry sailing
- Robust construction
- Water ballasted to provide extra stability when short handed

Construction

Hull and decks are laid up in a female mould using e-glass, Vynalester resin with a foam and core. The finish is white Gelcoat with non-skid deck.

Keel E-glass, carbon fibre with epoxy core and integral lead bulb
Two SS bolts full length attached to lifting hook at top

Rudder E-glass, with epoxy core
Aluminium rudder cassette with custom alloy tiller

parts

Mast	Carbon fibre tip with aluminium bottom section, dismantles in two for easy trailering
Prod	Carbon fibre, retracting
Boom	Aluminium with internal outhaul
Spreaders	aluminium (1) with alloy spreader bands
Windex
